## HealthNet (EFFECTIVE 2/2023)

## Autologous Chondrocyte Implantation—Pre-authorization Checklist

The following checklist reflects the minimum requirements that the plan will need at the time of pre-authorization. Failure to include all of this information in the pre-authorization request or failure to make sure that all 'no' answers are fully addressed in the pre-authorization request will significantly increase the likelihood that the pre-authorization request will be denied or significantly delayed.

Patient age between 15 and 55 years (Adolescent patients should be skeletally mature with documented closure of growth plates if under 18 years old.)	🗆 Yes 🗖 No
Disabling symptoms such as locking, swelling or knee pain that is unresponsive to conservative treatment for a minimum of 2 months (such as medication or physical therapy)	□Yes □No
Unresponsive to prior arthroscopic or other surgical repair	🗆 Yes 🗆 No
Focal full-thickness (Grade III or IV) unipolar lesion of a weight bearing surface of femoral condyles or trochlea	🗆 Yes 🗖 No
Defect size 1 cm <sup>2</sup> to 10 cm <sup>2</sup>	🗆 Yes 🗖 No
Knee is stable with intact menisci and ligaments, has normal joint space by X-ray, and good alignment (a corrective procedure may be performed in conjunction with ACI).	🗆 Yes 🗖 No
Surgery is not intended to treat osteoarthritis of the knee	🗆 Yes 🗆 No
Patient is willing to comply with prescribed post-operative rehabilitation program	🗆 Yes 🗆 No
Body mass index less than 35	🗆 Yes 🗆 No

All 'no' answers <u>must</u> be fully addressed at time of pre-authorization.

The reimbursement material contained in this guide represents our current (as of January 2024) understanding of the pre-authorization checklists reflected in various payer policies. Many of the topics covered in this guide are complex and all are subject to change beyond our control. Healthcare professionals are responsible for keeping current and complying with reimbursement-related rules and regulations. Nothing contained herein is intended, nor should it be construed as, to suggest a guarantee of coverage or reimbursement for any product or service. Check with the individual insurance provider regarding coverage. Providers should exercise independent clinical judgment when submitting claims to reflect accurately the services rendered to individual patients.
