Blue Cross Blue Shield of Nebraska (EFFECTIVE 5/2023)

Autologous Chondrocyte Implantation—Pre-authorization Checklist

The following checklist reflects the minimum requirements that the plan will need at the time of pre-authorization. Failure to include all of this information in the pre-authorization request or failure to make sure that all 'no' answers are fully addressed in the pre-authorization request will significantly increase the likelihood that the pre-authorization request will be denied or significantly delayed.

| Patient is between 15 and 60 years old | 🗆 Yes 🗖 No |
|--|------------|
| Significant knee pain or knee locking that interferes with activities of daily living (ADLs) | 🗆 Yes 🗖 No |
| Body Mass Index (BMI) is less than or equal to 35 | 🗆 Yes 🗖 No |
| Focal articular cartilage defect is caused by acute or repetitive trauma | 🗆 Yes 🗆 No |
| Full thickness (grade III or IV) defect on the load bearing surface of the femoral condyle (medial, lateral, trochlear) or the patella | 🗆 Yes 🗖 No |
| Defect is at least 1.5 cm ² | 🗆 Yes 🗆 No |
| Documented minimal to absent degenerative changes in the surrounding articular cartilage (Outerbridge Grade II or less) and normal-appearing hyaline cartilage surrounding the border of the defect | 🗆 Yes 🗖 No |
| Failure to respond to conservative treatment for at least two months such as physical therapy, braces, and NSAIDs | 🗆 Yes 🗖 No |
| Inadequate response to a prior arthroscopic or other surgical repair procedure such as debridement, microfracture, drilling, abrasion or osteochondral allograft/autograft | 🗆 Yes 🗖 No |
| Stable and aligned knee with normal joint space on X-ray | 🗆 Yes 🗆 No |
| Capable of cooperating with post-operative weight bearing restrictions and completion of post-operative rehabilitation | 🗆 Yes 🗆 No |
| Confirm the absence of the following: Total meniscectomy Use in all other joints including talar lesions Osteoarthritis or inflammatory arthritis ACI in combination with meniscal allograft or osteochondral autograft (OATS) | 🗆 Yes 🗖 No |

All 'no' answers <u>must</u> be fully addressed at time of pre-authorization.

The reimbursement material contained in this guide represents our current (as of January 2024) understanding of the pre-authorization checklists reflected in various payer policies. Many of the topics covered in this guide are complex and all are subject to change beyond our control. Healthcare professionals are responsible for keeping current and complying with reimbursement-related rules and regulations. Nothing contained herein is intended, nor should it be construed as, to suggest a guarantee of coverage or reimbursement for any product or service. Check with the individual insurance provider regarding coverage. Providers should exercise independent clinical judgment when submitting claims to reflect accurately the services rendered to individual patients.
